

Dear Matthew

We greatly appreciate the contribution the Ripple Foundation has made to the Oaktree Foundation through making a donation. Through funds raised from people such as yourself we can make a huge difference to so many lives.

The Oaktree Foundation is an entirely youth run aid and development organisation. We believe that education is the key to making lasting change and that it is essential in the fight against poverty. Your donation enables Oaktree to continue partnering with our current projects in Southern Africa and East Timor. The focus of these projects is to promote education and vocational options in developing communities.

More information about the work of Oaktree is available online at www.theoaktree.org. We value our relationship with you and look forward to your continued support in the future.

Sincerely,

Robert Dold
Finance Director
The Oaktree Foundation
